| 801 and 802 | This exhibit is objectionable because it is a statement made by one other than the declarant while testifying at trial, offered into evidence to prove the truth of the matter asserted and not subject to any hearsay exception (<i>See</i> FRE 801 and 802) |
| 901 | This exhibit is objectionable because it has not been authenticated (FRE 901) |

| ARG | Argumentative |

Facebook's exhibit list should not be construed as a waiver of any objection to any exhibits on another party's exhibit list or another party's use of any exhibits on its exhibit list or on Facebook's exhibit list for any purpose at trial or otherwise. By listing a particular version of a document, Facebook in no way waives its right to refer to other versions of that document at trial. For example, if a particular document was marked in multiple depositions, generally only one version has been listed here and Facebook intends to use the identified version with testimony from any deposition in which the document, however marked, was used. Facebook also reserves the right to amend and supplement this list as circumstances may warrant, consistent with the Court's rules and practices, including in response to additional discovery or future rulings from the Court, for rebuttal or impeachment, pursuant to agreement of the parties, in response to exhibits appearing on any party's exhibit list, or as otherwise appropriate.
